Visakhapatnam, India

The Presidential School

CBSE (X) — Percentage: 83.8%

2018 – 2020

Visakhapatnam, India

Relevant Coursework

- Data Structures
- Database Systems
- Network Security
- Machine Learning
- Web Development
- Software Engineering

Experience

Independent Developer

Jan. 2024 – Present

Personal Projects and Freelance

Remote

- Building full-stack applications using MERN stack with creative futuristic designs.
- Specializing in anime-inspired UI/UX, pixel art interfaces, and advanced Figma prototyping.
- Developing fintech simulations and AI-powered architectural tools for portfolio.

Projects

Virtual Pet App | HTML, CSS, JavaScript, React

2025

- Created a fun and interactive virtual pet app where users care for a pet by feeding, playing, and putting it to sleep.
- Designed pet animations and integrated a points system for unlocking new pets.
- Implemented mini-games and a level-up feature to engage users and track their pet care progress.

Mood-based Music Recommendation System | JavaScript, React, Spotify API

2025

- Developed a web app that recommends music based on the user's mood using a dynamic questionnaire.
- Integrated Spotify API to fetch songs and playlists, providing personalized music recommendations.
- Implemented mood tracking system to refine recommendations based on user feedback and history.

River & Flame - Fanfic Website | HTML, CSS, JS, AnimeJS

2025

- Building a dynamic, animated fanfic site inspired by ORV with epilogue scroll effects.
- Integrating character profiles, background music player, scroll animations, and light/dark modes.

Skills

- **Languages:** JavaScript, C++, Python, Html, Css
- **Frameworks/Technologies:** React, Node.js, Express, MongoDB, Figma, Unreal Engine
- **Concepts:** UI/UX Design, Web App Development, Game Development, Network Security
- **Soft Skills:** Creative Visionary, Problem Solver, Anime & F1 Enthusiast

Extra Curricular Activities

Formula 1 Enthusiast & Analyst

- Following every Grand Prix passionately; analyzing team strategies, race dynamics, and driver performance.

Anime & K-Drama Aficionado

- Incorporating anime storytelling, world-building, and art styles into creative projects and designs.
